Some sites here are in your purview I think. Malibu high, riverside ag park.

I'm going to discuss with my folks. Not A lot of bandwidth for us to do what grant is requesting. Maybe at most one site. But u should look and see if u want to do one of ur own.

Good morning Enrique,

This message is following up on an earlier conversation that we had concerning the possibility of Region 9 doing one or more peer reviews of decision documents that included some amount of work by DTSC employees involved in email exchanges that violated DTSC and state policies.

The chart lists site that either individual worked on over the last five years. Given the individuals' experience and position in the Department, they spent most of their time reviewing the adequacy of other staff's work product.

The attached spreadsheet contains all of the sites that the individuals worked on over the last five years. As you'll see, the decision documents and sites are of varying size and complexity.

Would you have any time to talk about the possibility of Region 9 doing one or more peer reviews?

Thanks very much,

Grant
